Privacy Policy

Effective date: July 29, 2026

This Privacy Policy explains how Credyx A/R Solutions ("Credyx," "we," "us," or "our") collects, uses, shares, and protects information when you use our websites, waitlist, client portal, and related A/R back-office services (the "Services").

Credyx provides accounts receivable and back-office support for trucking carriers. We are not a factor, lender, cash-advance provider, or freight broker.

Contact for privacy requests: privacy@credyx.net

1. Information we collect

1.1 Information you provide

- Waitlist / marketing: company name, contact name, email, phone, fleet size, how you heard about us, and optional notes.
- Account & enrollment: business and contact details needed to create a carrier account and communicate with your team.
- Login credentials: authentication data processed through our identity provider.
- Setup / compliance documents you upload to the document vault, which may include W-9, certificate of insurance (COI), MC/DOT authority documents, voided check or bank letter, and Notice of Assignment (NOA) when a factoring arrangement applies.
- Operational documents & data: rate confirmations, bills of lading, proofs of delivery, invoices, broker contacts, remittance instructions, payment records, holds/disputes notes, and related freight paperwork you or your team submit.
- Support & communications: messages you send to Credyx (email, portal, or assistant features).

1.2 Information we generate or receive in providing Services

- Invoice status, aging, collections activity, billing and fee records for Credyx's platform charges.
- Broker responses and payment confirmations related to loads we handle for you.
- Technical logs needed to operate and secure the Services (e.g., timestamps, approximate device/browser data, IP address, error logs).

1.3 Cookies and similar technologies

We may use essential cookies or local storage required for login sessions and basic site function. We may add analytics or similar technologies later to understand site usage; if we do, we will update this Policy and, where required, provide additional notice or choices.

2. How we use information

We use information to:

- Operate the waitlist and contact you about Credyx.
- Provide A/R services: receive and verify paperwork, prepare and submit invoice packets to brokers, follow up on holds/disputes, track payment status, and keep you informed.
- Communicate with brokers and payors as your authorized back-office / A/R agent (not as a purchaser of your invoices, unless a separate factoring arrangement exists between you and a third party).
- Bill you for Credyx platform and service fees and process related payment requests.
- Secure, troubleshoot, and improve the Services, including using automated and AI-assisted tools to classify, extract, or review document content for operational accuracy.
- Comply with law, enforce agreements, and protect Credyx, our users, and others.

We do not sell your personal information.

3. How we share information

We may share information with:

- Service providers who help us run the Services (for example hosting, authentication, email delivery, and payment processing), under obligations to protect the data.
- Brokers, shippers, and payors when needed to invoice, follow up, or confirm payment on your behalf as part of the Services you requested.
- Your authorized users on your carrier account.
- Professional advisors (legal, accounting) under confidentiality.
- Authorities or other parties when required by law, legal process, or to protect rights and safety.
- A successor in connection with a merger, acquisition, or asset sale, subject to appropriate protections.

We do not share your vault documents or freight data for unrelated marketing by third parties.

4. AI and document processing

Freight and setup documents may be processed with automated systems and AI-assisted review to classify pages, extract fields, flag missing items, and support human operators. Outputs are used to deliver the Services; humans remain involved in operational decisions as appropriate to the service plan (Managed or Self-Service).

Do not upload information you are not authorized to share with Credyx for these purposes.

5. Retention

We retain information for as long as needed to provide the Services, meet legal/accounting obligations, resolve disputes, and enforce agreements. When you leave Credyx, we may retain limited records as required by law or legitimate business needs (for example billing history). You may request deletion as described below; we will honor requests where we are not required or permitted to keep the data.

6. Security

We use administrative, technical, and organizational measures designed to protect information (access controls, encryption in transit where supported by our providers, and role-based access within Credyx). No method of transmission or storage is 100% secure.

7. Your choices and rights

Depending on your location, you may have rights to access, correct, delete, or restrict certain personal information, or to object to certain processing. To exercise a request, email privacy@credyx.net. We may need to verify your identity and account relationship before responding.

You may unsubscribe from marketing emails using the link in those messages. Service and transactional messages related to your account or invoices may still be sent.

8. Children's privacy

The Services are directed to businesses and are not intended for individuals under 18. We do not knowingly collect personal information from children.

9. International users

Information may be processed in the United States and other locations where Credyx or our service providers (for example hosting and authentication) operate. If you access the Services from outside those locations, you understand your information may be transferred to and processed in those places.

10. Third-party sites

Our sites may link to third-party websites or tools. Their privacy practices are governed by their own policies.

11. Changes

We may update this Privacy Policy from time to time. We will post the updated version with a revised effective date. Continued use of the Services after changes means you acknowledge the updated Policy, except where additional consent is required by law.
